

# AGP34RF

33.38" x 19" x 19.75" (H x W x D)

General purpose counter height 2-door refrigerator-freezer with digital refrigerator control, internal fan, and alarm/thermometer

**Highlights:**

Combination refrigerator-freezer for general purpose storage in facilities

Digital controls allow you easily manage the refrigerator temperature between 2 and 8°C

Alarm/thermometer included to help monitor the interior temperature

**Product Features:**

|                                   |                                                                                                                                                                                                                        |
|-----------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Refrigerator-freezer combination  | 2 to 8°C refrigerator section for basic storage applications, with an upper freezer compartment ideal for ice packs                                                                                                    |
| Digital thermostat (refrigerator) | Easy operation with a factory-installed digital thermostat that allows you to manage the refrigerator temperature between 2 and 8°F (NOTE: the freezer temperature will self-adjust based on the refrigerator setting) |
| Alarm/thermometer included        | Temperature monitoring device (TMD) displays the current and min/max temperature of the refrigerator interior, with an audible alarm to alert if the unit goes out of range                                            |
| Buffered temperature probe        | Thermometer probe is encased in a glycol-filled bottle to better simulate the temperature of stored contents instead of refrigerator air temperature                                                                   |
| External temperature readout      | Thermometer is designed to be placed on the door, allowing you to view the interior temperature without opening the door and exposing stored contents to warmer air                                                    |
| Fan-forced cooling                | Refrigerator section includes a factory-installed fan to help ensure a more evenly cooled interior                                                                                                                     |
| Automatic defrost refrigerator    | Lower refrigerated section does not require manual defrosting                                                                                                                                                          |
| Manual defrost freezer            | Static cooling system in the upper freezer compartment                                                                                                                                                                 |

## AGP34RF Specifications:

| Overview                         |                   |
|----------------------------------|-------------------|
| Nominal Height                   | 33.0" (84 cm)     |
| Height of Cabinet                | 33.0" (84 cm)     |
| Height to Hinge Cap              | 33.38" (85 cm)    |
| Nominal Width                    | 19.0" (48 cm)     |
| Width                            | 19.0" (48 cm)     |
| Nominal Depth                    | 20.0" (51 cm)     |
| Depth                            | 19.75" (50 cm)    |
| Depth with door at 90°           | 36.75" (93 cm)    |
| Capacity                         | 3.2 cu.ft. (91 L) |
| Defrost Type                     | Cycle             |
| Door                             | White             |
| Cabinet                          | White             |
| US Electrical Safety             | ETL               |
| Canadian Electrical Safety       | ETL-C             |
| Amps                             | 1.1               |
| Voltage/Frequency                | 115 V AC/60 Hz    |
| Weight                           | 55.0 lbs. (25 kg) |
| Parts & Labor Warranty           | 1 Year            |
| Compressor Warranty              | 5 Years           |
| UPC                              | 761101084541      |
| Refrigerator-Freezer             |                   |
| Door Swing                       | RHD               |
| Reversible                       | Yes               |
| Adjustable Shelves               | Yes               |
| Interior Light                   | Yes               |
| Refrigerator - Interior Height   | 18.5" (47 cm)     |
| Refrigerator - Interior Width    | 15.75" (40 cm)    |
| Refrigerator - Interior Depth    | 15.0" (38 cm)     |
| Refrigerator - Shelf Type        | Wire              |
| Refrigerator - Shelf Qty         | 2                 |
| Refrigerator - Full Door Shelves | 2                 |
| Refrigerator - Temperature Range | 2 to 8°C          |
| Freezer - Interior Height        | 7.5" (19 cm)      |
| Freezer - Interior Width         | 14.0" (36 cm)     |
| Freezer - Interior Depth         | 14.0" (36 cm)     |

|                             |                |
|-----------------------------|----------------|
| Freezer - Full Door Shelves | 1              |
| Thermostat Type             | Digital        |
| Fan Type                    | Interior       |
| Refrigerant Type            | R600a          |
| Refrigerant Amount          | 1.16 oz.       |
| High Side PSI               | 250.0          |
| Low Side PSI                | 88.0           |
| Level Legs                  | 2              |
| Compressor Step Height      | 9.0" (23 cm)   |
| Compressor Step Width       | 15.75" (40 cm) |
| Compressor Step Depth       | 5.0" (13 cm)   |
