

# BIM100ADA

31.5" x 20.5" x 22.25" (H x W x D)

Commercially listed ADA height clear icemaker with 100 lb. ice production capacity for built-in or freestanding use

**Highlights:**

Commercially listed to NSF-12 standards for use in foodservice applications

Makes up to 100 lbs. of clear ice in a day cycle

31.5" height allows installation under lower ADA compliant counters

**Product Features:**

|                           |                                                                                                                                                                                                                                                    |
|---------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Commercially approved     | ETL-S listed to NSF-12 commercial standards                                                                                                                                                                                                        |
| ADA compatible height     | Includes a set of 1 1/2" high leveling legs to bring the overall height up to 31 1/2", ideal for fitting under lower counters following ADA guidelines                                                                                             |
| Large production capacity | Produces up to 100 lbs. of clear ice in a day cycle                                                                                                                                                                                                |
| Easy cleaning             | Included leg set allows you to clean the space below the icemaker                                                                                                                                                                                  |
| Built-in capable          | Front-breathing design allows this unit to be installed under counters                                                                                                                                                                             |
| Quiet operation           | Efficient, low noise fan for a quiet performance                                                                                                                                                                                                   |
| Clear ice production      | Produces clear 1" x 1" dice cubes                                                                                                                                                                                                                  |
| Water purification filter | Helps maintain great tasting ice. A purification filter is required for operation (1 is included with your initial purchase); To order replacement filters, visit <a href="http://summitappliance.com/filter100">summitappliance.com/filter100</a> |
| Sliding door              | Top lid is on lift-up glides for easy access to the ice bin                                                                                                                                                                                        |

## BIM100ADA Specifications:

| Overview                   |                    |
|----------------------------|--------------------|
| Nominal Height             | 32.0" (81 cm)      |
| Height of Cabinet          | 31.5" (80 cm)      |
| Nominal Width              | 21.0" (53 cm)      |
| Width                      | 20.5" (52 cm)      |
| Nominal Depth              | 23.0" (58 cm)      |
| Depth                      | 22.25" (57 cm)     |
| Defrost Type               | Automatic          |
| Door                       | Black              |
| Cabinet                    | Stainless Steel    |
| US Electrical Safety       | ETL                |
| Canadian Electrical Safety | ETL-C              |
| Sanitation                 | ETL-S              |
| Amps                       | 3.75               |
| Voltage/Frequency          | 115 V AC/60 Hz     |
| Weight                     | 110.0 lbs. (50 kg) |
| Parts & Labor Warranty     | 1 Year             |
| Compressor Warranty        | 5 Years            |
| UPC                        | 761101075709       |
| Icemaker                   |                    |
| Door Swing                 | Lift-Up            |
| Height Adjustable          | Yes                |
| Drain Required             | Yes                |
| Daily Ice Production       | 100.0 lbs. (45 kg) |
| Ice Storage Capacity       | 27.0 lbs. (12 kg)  |
| Ice Shape                  | Cube               |
| Size of Cube               | 1" x 1"            |
| Number of Ice Cube Sizes   | 1                  |
| Fan Type                   | Exterior           |
| Refrigerant Type           | R134a              |
| Refrigerant Amount         | 8.5 oz.            |
| High Side PSI              | 190.0              |
| Low Side PSI               | 133.0              |
| Interior Height            | 10.25" (26 cm)     |
| Interior Width             | 18.0" (46 cm)      |
| Interior Depth             | 17.0" (43 cm)      |
| Level Legs                 | 4                  |
