Commercial Combination Stack Washer / Dryer

This washer / dryer combination maximizes facility productivity, saves space, and delivers the exceptional cleaning performance end users expect. Within the space of a single unit, the 3.1 cu. ft. washer and 6.7 cu. ft. dryer give users the capacity they need to clean even their bulkiest loads of laundry.

CET9000GQ / CGT9000GQ

CET9100GQ / CGT9100GQ

Commercial-Grade Features:

Choose a commercial-built product that withstands heavy traffic, regular use, and performs continuously.

Commercial-Grade Construction

Built with galvanized steel, the heavy-duty construction of the stack washer / dryer is designed to increase machine longevity, and handle the rigorous demands of commercial laundry.

Powerful Drive System

Automatic Load Balancing

Designed for washing efficiency, this system consists of a sixpoint suspension, four dampers, and two springs. By sensing and automatically balancing a load, machines are able to work effectively and end on time, creating optimized cleaning cycles and constant turns.

Microprocessor Controls

These controls offer owners the ability to customize vend prices and washer cycle options, such as Super Cycle, ensuring optimal revenue opportunities. Plus, the controls give customers the option to select the ideal cycle for individual wash needs.

 $\sf ENERGY \ STAR^{\circledast}$ certified, and uses an average of 12.24 gallons of water per cycle* which helps reduce energy and water costs.

*Average based on DOE J2 testing with factory preset cycles. $^{\otimes^{\prime\prime\prime\prime}}$ © 2018 Whirlpool. All rights reserved.

Dimensions are for planning purposes only. See specific instructions for proper installation. Because of continuous product improvement, Whirlpool reserves the right to change specifications without notice.

*Based on 2018 United States DOE J2 Testing with factory preset cycles.

**Use 4" (100mm) diameter rigid aluminum or galvanized steel duct. Never use plastic, non-metal, or combustible duct. +It is recommended that a separate circuit serving only this washer / dryer be provided.

See Installation Guide for complete dimension details.

COMMERCIAL LAUNDRY 2-YEAR LIMITED PARTS ONLY WARRANTY / 90-DAY LABOR

For 90 days from the date of original purchase, when this commercial appliance is installed, maintained, and operated according to instructions attached to or furnished with the product, Whirlpool Corporation (hereafter "Whirlpool") will pay for factory-specified replacement parts and repair labor to correct defects in materials or workmanship that existed when this commercial appliance was purchased. For the first two years from the date of purchase, when this major appliance is installed, maintained, and operated according to the instructions attached to or furnished with the product, Whirlpool will pay for factory-specified replacement parts to correct defects in materials or workmanship that existed when this commercial appliance was purchased. See whirlpoolcommerciallaupdry.com for warranty details.
