

HRTX18SSADA

4" x 18" x 12.63" (H x W x D)

18 inch wide ADA compliant under cabinet retractable range hood for ductless use in stainless steel, made in the USA with separate wall switch for ADA applications

Highlights:

Designed and manufactured in the USA

Low profile 4" height for easy integration in your kitchen

Engineered specifically for recirculating (ductless) ventilation

Product Features:

| | |
|-------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| 18" Wide ADA Compliant Retractable Recirculating Range Hood | Slim-fitting low profile range designed for installation in compliance with the ADA guidelines |
| Premium style for luxury kitchens | Retractable filter blends in seamlessly with cabinetry when not in use for an elevated kitchen look |
| Low profile 4" height | One of the slimmest under-cabinet hoods in the market, creating a minimalist look that takes up less vertical space than the competition |
| Designed for ductless operation | The industry's first range hood specifically made for efficient filtration in recirculating applications with no access to exterior ducting |
| Made in the USA | Designed and manufactured by Summit in the USA, complete with American steel for lasting durability |
| ADA compliant design | Hood is wired to run off a wall switch for improved accessibility, with a remote terminal block included |
| Improved filtration with smoother airflow | Unique cross-flow fan moves up to 40% more air through the filters than standard hoods converted to recirculating mode |
| Angled airflow keeps smoke away from user | Vents are set at a slight upwards angle, ensuring smoke and odors won't be directed towards the home cook |

HRTX18SSADA Specifications:

| Overview | |
|----------------------------|------------------|
| Height of Cabinet | 4.0" (10 cm) |
| Width | 18.0" (46 cm) |
| Depth | 12.63" (32 cm) |
| Depth with door at 90° | 18.25" (46 cm) |
| US Electrical Safety | ETL |
| Canadian Electrical Safety | ETL-C |
| Amps | 1.7 |
| Voltage/Frequency | 115 V AC/60 Hz |
| Weight | 18.0 lbs. (8 kg) |
| Parts & Labor Warranty | 1 Year |
| UPC | 761101147031 |
