

# HRTX18BADA

4" x 18" x 12.63" (H x W x D)

18 inch wide ADA compliant under cabinet retractable range hood for ductless use in black, made in the USA with separate wall switch for ADA applications

### Highlights:

Designed and manufactured in the USA

Low profile 4" height for easy integration in your kitchen

ADA compliant with remote wall switch for accessible installation

### Product Features:

|   |   |
|---|---|
| 18" Wide ADA Compliant Retractable Recirculating Range Hood | Slim-fitting low profile range designed for installation in compliance with the ADA guidelines  |
| Premium style for luxury kitchens                           | Retractable filter blends in seamlessly with cabinetry when not in use for an elevated kitchen look   |
| Low profile 4" height                                       | One of the slimmest under-cabinet hoods in the market, creating a minimalist look that takes up less vertical space than the competition    |
| Designed for ductless operation                             | The industry's first range hood specifically made for efficient filtration in recirculating applications with no access to exterior ducting |
| Made in the USA   | Designed and manufactured by Summit in the USA, complete with American steel for lasting durability   |
| ADA compliant design  | Hood is wired to run off a wall switch for improved accessibility, with a remote terminal block included                                    |
| Improved filtration with smoother airflow                   | Unique cross-flow fan moves up to 40% more air through the filters than standard hoods converted to recirculating mode                      |
| Angled airflow keeps smoke away from user                   | Vents are set at a slight upwards angle, ensuring smoke and odors won't be directed towards the home cook                                   |

## HRTX18BADA Specifications:

| Overview                   |                  |
|----------------------------|------------------|
| Height of Cabinet          | 4.0" (10 cm)     |
| Width                      | 18.0" (46 cm)    |
| Depth                      | 12.63" (32 cm)   |
| Depth with door at 90°     | 18.25" (46 cm)   |
| US Electrical Safety       | ETL              |
| Canadian Electrical Safety | ETL-C            |
| Amps                       | 1.7              |
| Voltage/Frequency          | 115 V AC/60 Hz   |
| Weight                     | 18.0 lbs. (8 kg) |
| Parts & Labor Warranty     | 1 Year           |
