

KitchenAid Model: KSEV730TPS

30-Inch 4-Element Electric Downdraft Slide-In Range

Color PrintShield™ Stainless Finish

Product Description

<style type="text/css"><!--br {mso-data-placement:same-cell;}--></style>This all-in-one eclectic range includes Downdraft, which integrates the ventilation system so a separate hood is not needed. Smoke and odors can be removed outside or filtered air can be recirculated inside. This range also features flawless cooking results from Even-Heat™ True Convection, featuring a unique bow-tie design with a heating element and fan that circulates hot air throughout the entire oven, providing consistent temperatures for crisp, flaky baked goods, juicy, well-browned roasts and flavorful caramelized vegetables.

Specifications

Oven Cavity Details

Number of Oven Racks	2
Convection Functions	No Preheat Air Fry Broil Roast
