

Bright *DIAMOND* DC Garbage Disposal

◆ Certified as the **Quietest** Garbage Disposal on the Market

Inspired by Fire. Perfected by Water. Driven by Innovation
Bringing the soul of Italian refinement to the flow of everyday life

FORNO ACQUA blends the warmth of Forno (Italian for oven) —craftsmanship, togetherness, the gathering place—with the refined flow of Acqua (Italian for water), symbolizing movement, transformation, and timeless simplicity. This fusion of fire and water defines our essence: purposeful design shaped by engineering expertise, aesthetic intuition, and a belief that true innovation should feel effortless and beautiful.

Our team carries decades of engineering expertise and a passion for design. Long before FORNO ACQUA existed in name, we pioneered innovations that reshaped home improvement: the first Kitchen Work Centre, industry-leading high-performance dual-flush toilets, ultra-quiet garbage disposers, upscale laundry cabinets, and commercial-style range hoods. These milestones represent only part of our legacy, but they share a common foundation—hands-on engineering and rigorous testing—laid the groundwork for our culture of innovation.

Today, we bring that same spirit to a new generation of smarter, more intuitive products. We design with intention—simplicity that conceals complexity, elegance shaped by purpose, and performance proven through thousands of real-world trials, while guided by a respect for each product's spirit. By distilling every solution to its essence, we ensure it performs exactly as it should—effortlessly, beautifully, and with lasting impact that enriches your life. FORNO ACQUA delivers true innovation—crafted with detail, engineered for performance, and designed to make life easier, more beautiful, and more intuitive.

Upgrade your kitchen with the FORNO ACQUA Super Quiet Garbage Disposal—powerful, ultra-quiet, and easy to install. Featuring a high-speed DC motor and revolutionary BrightDIAMOND motion-activated LED lighting, it delivers premium performance, sleek design, and smart convenience for modern homes.

THE QUIETEST IN THE MARKET

Noise suppression design of all parts and housing as tested by CSA

POWERFUL GRINDING

3600RPM provides fast & powerful grinding in seconds

4-STAGE GRINDING TECHNOLOGY

UNIVERSAL EASY MOUNTING

LONG-LIFE STAINLESS STEEL CHAMBER & BLADES

ANTI MICROBIAL ODOR PROTECTION

HIGH GRADE FIRE RETARDANT DIAMOND-SHAPED HOUSING

AUTO MOTOR SAFETY SHUT-OFF

SMART FEATURE

Motion Activated LED Lighting

Inside your cabinet this makes all the difference in the world!
No more fishing around in the dark!

FEATURES

BrightDIAMOND Motion Activated Cabinet 3W Surround LED Light

Can be installed in any position under sink and the light will be on when the cabinet door is opened or if there is any movement. It will turn off after 90 seconds

Silver Ion Infused Upper Chamber

Eliminates bacteria and odors

Durable Stainless Steel Chamber and Blades

Hardened stainless steel components cut through waste and remain sharp for years of reliable service

Pre-Wired Air Switch Cord

Makes installation and operation easy

Stainless Steel Stopper

Durable, allows for year of use

4 Stage Grinding Technology

Slotted Multi-layered grinding chamber quickly grinds waste for fast disposal

Insulated Housing

Greatly reduces noise

POWERFUL GRINDING

A perfect blend of power, elegance, and advanced design. It delivers fast, efficient whisper quiet food waste grinding and a more peaceful kitchen experience

And Also

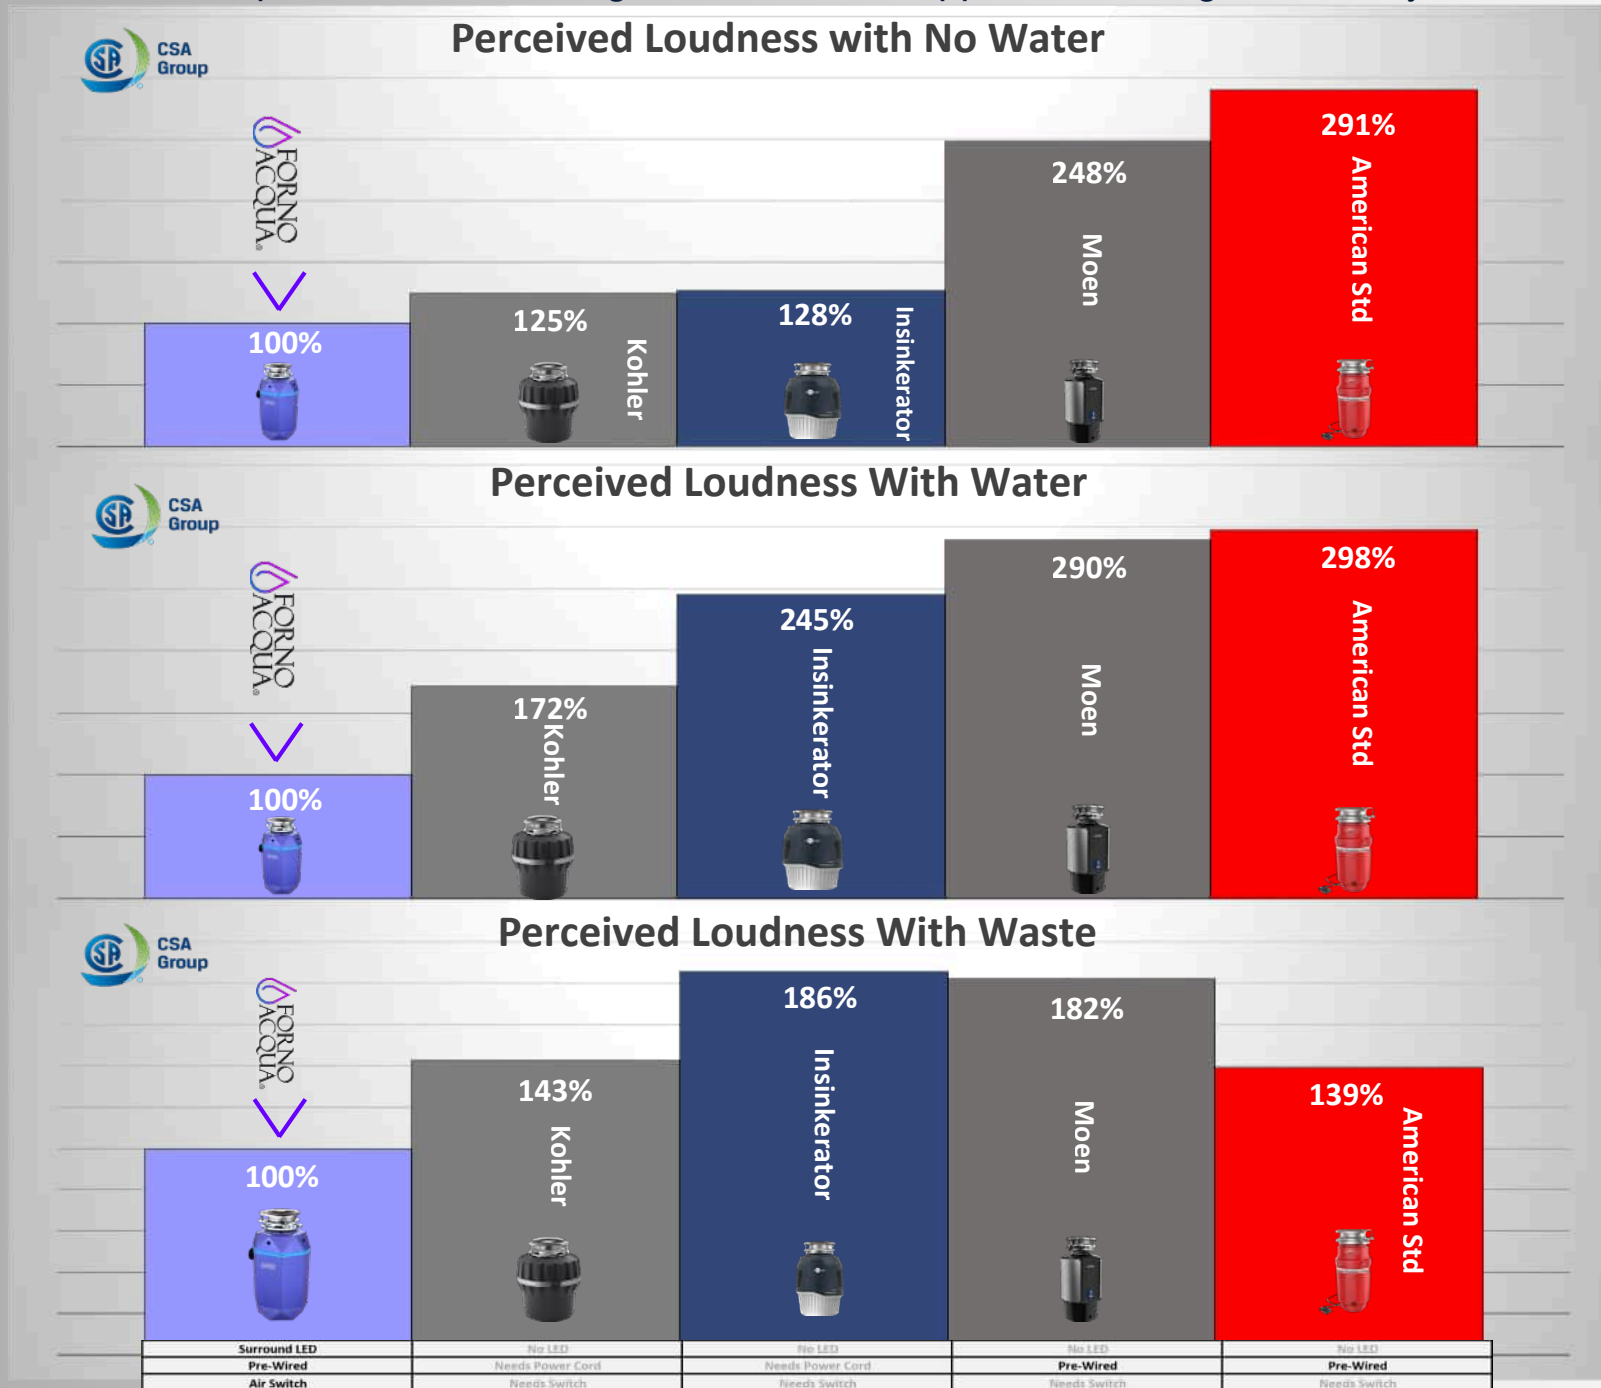

Quiet....shhhh....

Very Quiet!

HIGH PERFORMANCE NOISE SUPPRESSION DESIGN

All components and housing feature Noise Suppression design, tested by CSA

Decibels (dB) is a measurement of sound output. The smaller the number, the quieter the sound is. The human ear perceives double the sound for every 10 dB.

PACKAGE INCLUDES

Amethyst

Black Onyx

Moonstone

◆ **Moonstone**
6000K White Surround 3W LED Light
Model: WDD075TA2MS (3/4HP) / WDD100TA2MS (1HP)

◆ **Amethyst**
Cool Blue Surround 3W LED Light
Model: WDD075TA1AM (3/4HP) / WDD100TA1AM (1HP)

◆ **Black Onyx**
Cool Blue Surround 3W LED Light
Model: WDD075TA1BO (3/4HP) / WDD100TA1BO (1HP)

1HP 750W
3/4 HP 550W
